**Re: Draft Program Comments to Govern Review of “Positive Train Control” Facilities
Under Section 106 of the National Historic Preservation Act**

DA 14-97

WT Docket No. 13-240

The Soboba Band of Luiseño Indians appreciates your observance of Tribal Cultural Resources and their preservation in your project. The tribe is aware that portions of the project will be within our Tribal Traditional Use Areas and we are concerned with possible inadvertent discoveries during the ground-disturbing activities, as well as possible view shed issue in specific areas of cultural significance where the APE may have visual impacts to a site.

Soboba Band of Luiseño Indians is requesting the following:

1. **Government to Government** consultation in accordance to Section 106. Including the transfer of information to the Soboba Band of Luiseño Indians regarding the progress of this project should be done as soon as new developments occur. The Soboba Band prefers to go through the Federal Communications Commission by receiving information regarding the PTC sites through the FCC website using the TCNS and E106 systems.
2. In addition to maps and cultural resources reports being provided, we request that applicants be ready to provide tribes with current record search information pertaining to the PTC sites and associated facilities within the proposed project areas, upon request. This record search results include maps of previous surveys, site location maps, and site records.
3. Working in and around traditional use areas intensifies the possibility of encountering cultural resources during the construction/excavation phase. For this reason the Soboba Band of Luiseno Indians requests that Native American Monitor(s) from the Soboba Band of Luiseno Indians Cultural Resource Department to be present during any ground disturbing proceedings within specific areas of concerns associated with the proposed undertaking (in some areas this may include surveys, as well).

Sincerely,

Joseph Ontiveros
Director of Cultural Resources
Soboba Band of Luiseno Indians

3. *W*hile the government has not been able to implement its fiscal consolidation plan, it has managed to reduce its budget deficit from 8.5% of GDP in 2011-12 to 4.5% in 2014-15. The government has also managed to bring down the inflation rate from 9.5% in 2011-12 to 5.5% in 2014-15.
